Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: Claim 1 is allowable only because the prior art does not teach the combination of "measuring a characteristic related to the first film and the second film contacting" (line 6) with remaining claim limitations. The Mackawa reference may measure a characteristic related to the film on the probe, but does not measure a characteristic related to films on both the probe and substrate.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert R. Raevs whose telephone number is 571-272-2204. The examiner can normally be reached on Monday to Friday from 7am to 4pm. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
